Assembling at Bikestop for 10.45am with a departure time of 11am.

For those who prefer meet at Tesco Royston no later than 9.30. We have completed a practice ride of Richards route, well we would have done had the road not been shut.

Previous runs from Bikestop have led us to expect approx. 30 riders. Richard would like to split this into groups of 10 with each group allocated a lead along with a tail end Charlie.
